Hoot

A little brightness, every morning.

Your memories, your mind, your world — every day.

1. **Memories from your years.** Enter the year you were born and see the songs, films and moments you grew up with.
2. **Puzzles to keep you sharp.** Crosswords, sudoku, solitaire, word games, trivia and more.
3. **Health news that matters.** New research on sleep, the heart, memory and living well — in plain words.
4. **Today's news and a quiet thought** to end on. Big, clear text, and it can read aloud to you.
